## CERTIFICATE OF COMPLETION

This is to clarify that **Nimrah Khalid,Shehzonia Fatima,Areeba Riaz,Rana Fahad Javed and Muhammad Subhan Ali Khan** have successfully completed their ACCP Semester 2 E-Project.

Submitted to Aptech Computer Education on  
December 24<sup>th</sup>,2022

# **ACKNOWLEDGEMENT**

First of all we would like to thank Almighty Allah for giving us strength and ability to complete this project.

And then, we would like to express our special thanks of gratitude to our teacher **Sir Faizan Sabir** who guided us on the project *Sanjalika Water Park*, which also helped us in doing a lot of new learning and we came to know about so many new things we are really thankful to him.

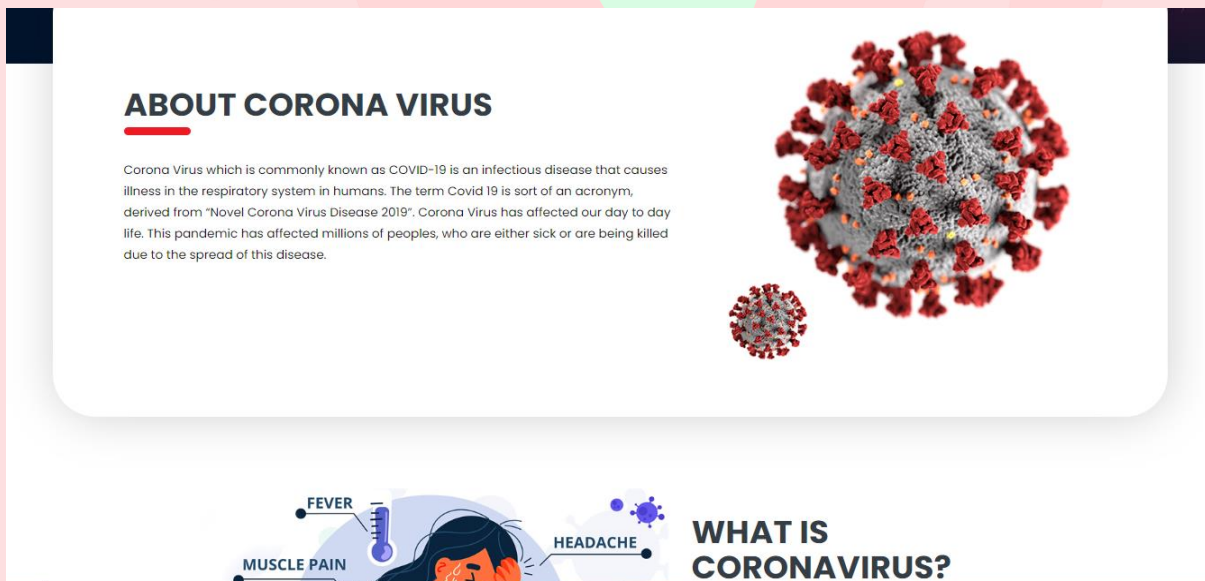

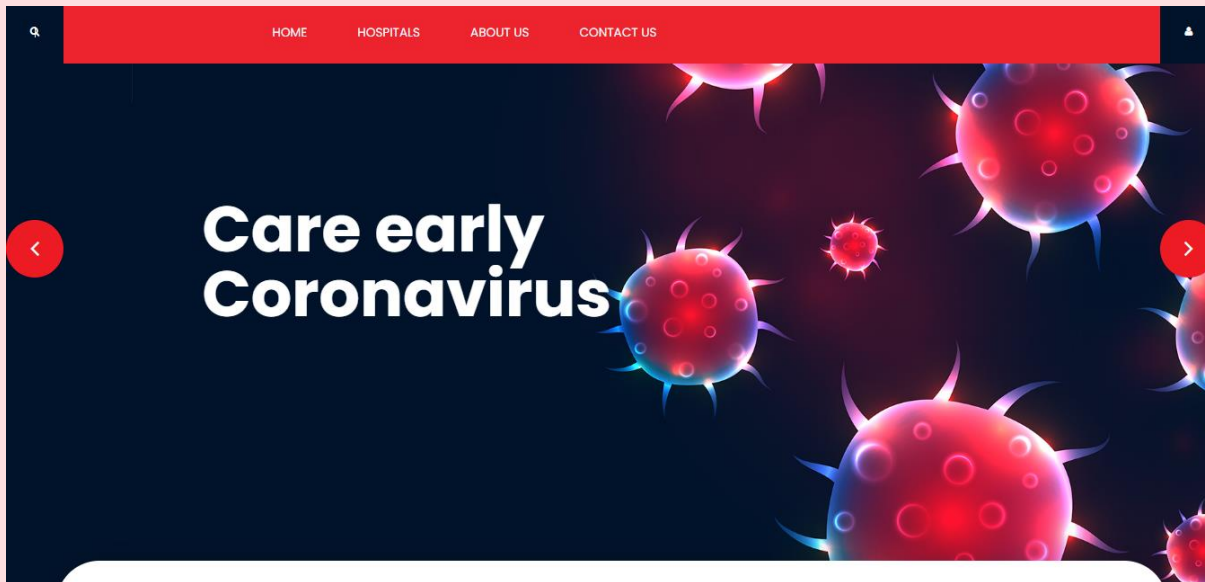

We are highly thankful to **Sir Faizan Sabir** for his guidance and constant supervision as well as for providing necessary information regarding the project & also for his support in completing the project.

We earnestly hope that this project will provide all the necessary information required by the user to fulfill his/her inspiration. However, suggestion and Feedbacks for improvements will be thankfully welcomed & acknowledged.

## **PROPOSED SYSYTEM:**

App will provide Online Registration System (ORS) is a framework to link various hospitals across the country for mobile number based online registration and appointment system. Portal facilitates online appointments for vaccination. Detail reports showing information about test and vaccination patients taking appointment through this portal can be seen. Hospitals can come on board this platform and provide their appointment slots for online booking by patients. The system facilitates Hospitals to easily manage their registration and appointment process and monitor the flow of Patients.

## Front end Section

## HOW TO PROTECT YOURSELF

COVID-19, also known as the coronavirus has spread rapidly across the world, leading to a global pandemic and causing significant illness and death. During Christmas 2022 and New Year 2023 parties, it is important to take steps to reduce the risk of covid infection and transmission.

### Wear Mask

Wash your hands before and after touching the mask. Wash reusable masks after each use.

### Wash Your Hands

Wash hands with soap and water for at least 20 seconds. Use the cleanest water possible, for example from an improved source

### Stay at Home

Stay home and separate from others - Improve ventilation (air flow) at home to help prevent COVID-19 from spreading to other people -

## CORONAVIRUS CASES

Islamabad Capital Territory and Peshawar District have recorded about 79,000 and 47,000 confirmed cases respectively as of the latest available data. Making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful

### Cases 01

In Pakistan, from 3 January 2020 to 4:53pm CET, 12 December 2022, there have been 1,575,382 confirmed cases of COVID-19 with 30,634 deaths, reported to WHO. In Pakistan, from 3 January 2020 to 4:53pm CET, 12 December 2022

### Cases 02

We estimate that 99% of people in Pakistan have been infected at least once as of December 12. We estimate that 99% of people in Pakistan have been infected at least once as of December 12. We estimate that 99% of people in Pakistan have been infected

### Cases 03

Pakistan recorded 1575486 Coronavirus Cases since the epidemic began, according to the World Health Organization (WHO). In addition, Pakistan reported 30635 Pakistan recorded 1575486 Coronavirus Cases since the epidemic began

## Hardware and Software Requirements

### Hardware

- A minimum computer system that will help you access all the tools in the courses is a Pentium 166 or better.
- 128 Megabytes of RAM or better **Software**

### Software

- PHP
- MySQL
- PERL
- Apache

### Operating System

- LINUX / Windows 2000 Server (or higher if possible)

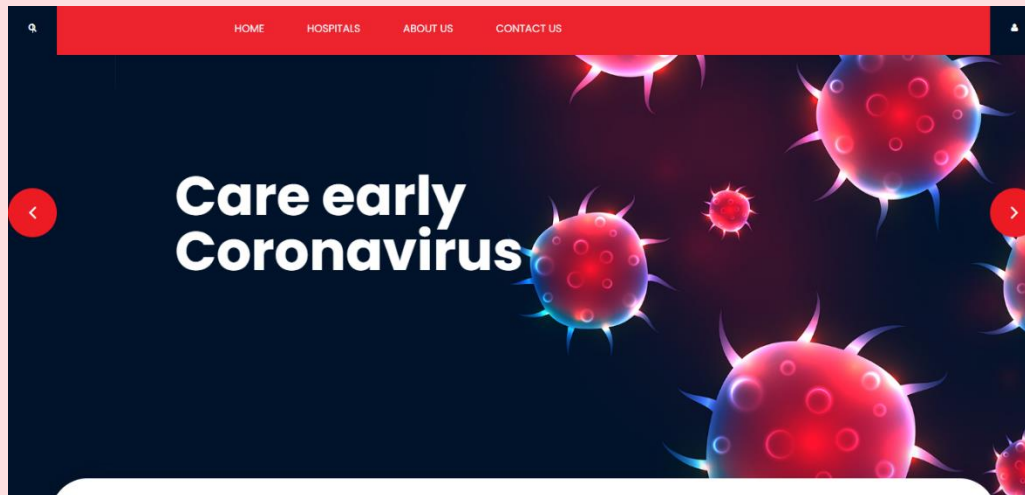

## Website Features

The website CMS (Covid Management System) provides facilities to patients to book their appointments online by visiting the website. There are different hospitals registered on CMS. Hospitals And Patients both have to register first on the website.

## Sign up Page

The screenshot shows a web application interface for a CMS. At the top, there is a red navigation bar with a search icon on the left and a user profile icon on the right. The navigation bar contains links for HOME, HOSPITALS, TAKE ACTION, NEWS, ABOUT US, and CONTACT US. Below the navigation bar is a large orange textured background. In the center of this background is a white sign-up form. The form has a title "Sign up as..." and three red buttons labeled "Patient", "Hospital", and "Admin". At the bottom of the page is a dark blue footer with four columns of text: "RESOURCES" (Home, What's new for...), "ABOUT" (Many desktop publishing...), "CONTACT US" (Making this the first true...), and "COUNTRYS" (with a small icon).
